

Getting into the NHS: 2024-2025

A series of virtual sessions to inspire you to have a career in the NHS!

We are continuing our series of inspiration sessions aimed at 16-25-year-olds that explore the many paid jobs available within the NHS, and the different opportunities at UCLH that can help you get your dream job.

Each session will focus on different areas of the NHS, with an opportunity to hear from real-life clinicians and staff about their job. How did they get there, and what do they enjoy? Come along and ask them questions to find out more.

The sessions are ideal for anyone who's thinking about a career in the NHS, but who isn't sure what's out there or where to start.

Please note that these sessions explore the diversity of jobs in the NHS, beyond that of being a doctor. See below for the schedule of sessions and how to get involved!

Date	Time	Focus
29 May 2024	11.00am-1.00pm	Non-Clinical and Research roles, including Healthcare Sciences
31 July 2024	2.30pm-4.30pm	Allied Health Professionals: Physiotherapy and Occupational Therapy
20 August 2024	11.00am-1.00pm	Nursing Special
29 October 2024	2.30pm-4.30pm	Psychology
19 February 2025	11.00am-1.00pm	NHS Apprenticeship Special

How do I sign up?

Scan the QR code to be taken to a Microsoft form to leave your email address and receive the link to the session. You can sign up and follow us to keep up to date as sessions are released.

You can also access the form here:

<https://forms.office.com/e/xhwd01N1bL>

Alternatively, you can email phil.nicol@nhs.net with any questions.
